INSTRUCTIONS FOR COMPLETION OF FORM OC15/20

EMCS provide faxed/emailed confirmation of your clients monitoring and keyholder requirements. You must always ensure that our confirmation is in accordance with your instructions. EMCS cannot and will not be held responsible for your own or your clients failure to provide up to date accurate monitoring and keyholder information.

- TOP BOXES** These boxes must be completed fully before any information is entered onto the EMCS database.
- SLEEPING RISK** Commercial Systems Only - If Fire Brigade response is required, please specify if there is a risk of people sleeping on site. This information will then be passed on to the brigade upon activation.
- EMIZON ORDER** Please enter the Emizon serial number from the unit purchased (NB - If not **DETAILS** known then please inform Duty Supervisor of this when commissioning the system. If this does not match the unit on site the signalling will not work - please ensure that the correct number is given).
- DELIVERY ADDRESS** Please provide the delivery address for the equipment if you wish us to supply the Unit.
- PRODUCT TYPE** Please specify which type of Product is being installed. Emizon IP/GPRS, IP/PSTN, IP Only or GPRS/PSTN.
Also specify which Grade of system you require.
- DETAILS** Please ensure that the address details are entered, as the application will **NOT** be processed if this is missing.
- POLICE / FIRE** Please specify which Police Force / Fire Brigade you would like to be notified in the event of an alarm activation. If you do not specify which Police Force / Fire Brigade you require, we will set the system up as NO Police Force / Fire Brigade required.
- CHANNELS** The standard method of signalling is Channel 1 for FIRE, 2 for P/A, 3 for INTRUDER, 4 for OPEN/CLOSE or ABORT etc. If Channel set up is different, please specify (An additional charge will apply to multi-area systems).
- KEYHOLDERS** Please indicate (if more than one tel. no.) which number is to be called first. K/H CODE is a password for an individual keyholder if different from the main ABORT CODE.
- CONTACT METHOD** Please specify how you would like our operators to contact the keyholders (**Operator, Text, Email**).
Operator = An operator will attempt to ring the keyholder.
Text = A Text will be sent to the mobile number specified. The system will wait 2 minutes for a reply. If the reply is received, the alarm will be cleared down (as long as there are no further actions to be taken). If a reply is not received the alarm will be presented to the operators to contact the other keyholders listed. **The text message service may incur an additional charge.**
Email = An email will be sent to the address specified and the alarm will be cleared down (as long as there are no further actions to be taken).
- SPECIAL ACTIONS/ INFORMATION** Please indicate anything which materially affects the way in which the alarm will be dealt with (use a separate piece of paper if required).
- REMOTE RESET TYPE** Please be specific when entering the "TYPE" of reset unit fitted (e.g. Castle Care-Tech 2300 panel).
- ALARM INSTALLER** Please ensure that your Alarm Installer Code is entered to avoid your application being delayed.
